Registration

How to register to the CTF platform

First step you have to do is create a new account!

- Go to <https://ctf.hackthebox.com/register> and create an account
- If you have already an account go ahead and login with the existing one
- This account is not the same with your Hack The Box account so you need to create a new one

The image shows a screenshot of the HTB CTF registration page. At the top right is the HTB CTF logo. The main heading is "Create an account". Below this are four input fields: "Username", "Email", "Password", and "Retype Password". Each field has a small icon on the right side, likely for toggling visibility. Below the input fields is a checkbox labeled "I accept the Terms of Service and the Privacy Policy". At the bottom of the form is a "CREATE" button. Below the form is a link that says "HAVE AN ACCOUNT? SIGN IN".

Creating a New Team

Create your Awesome Team!

- The Team Captain needs to create a Team.
- As this is a single playing mode, you'll be the Team Captain and the only Team Member as well.
- If the Team Name is already taken you will be prompted with an error message
- Don't forget to have fun choosing your team name as we did :)
- Note: No special characters or whitespaces allowed

Hacking Time!

How to start **hacking** your Docker Challenges

Ready. Set. SPAWN 😎

By clicking a challenge there is the Spawn Docker button in order to start/stop your dedicated Docker instances

1. Press the button and you will see the docker being spawned and the IP address to target.
2. If there isn't a docker instance download the content and start hacking.
3. Some challenges might have a docker and a downloadable part or even none of them!

How to Submit a Flag

Submit that Flag!

After finding the awesome **flag** don't forget to submit it to prove your progress, climb the scoreboard and achieve eternal CTF Glory 🔥

- You can either do that by submitting the flag to the underlying challenge or
- Use the universal flag submission in the top of the challenge list

Search challenges by name or category		HTB{YourAwesomeFlag}

Scoreboard!

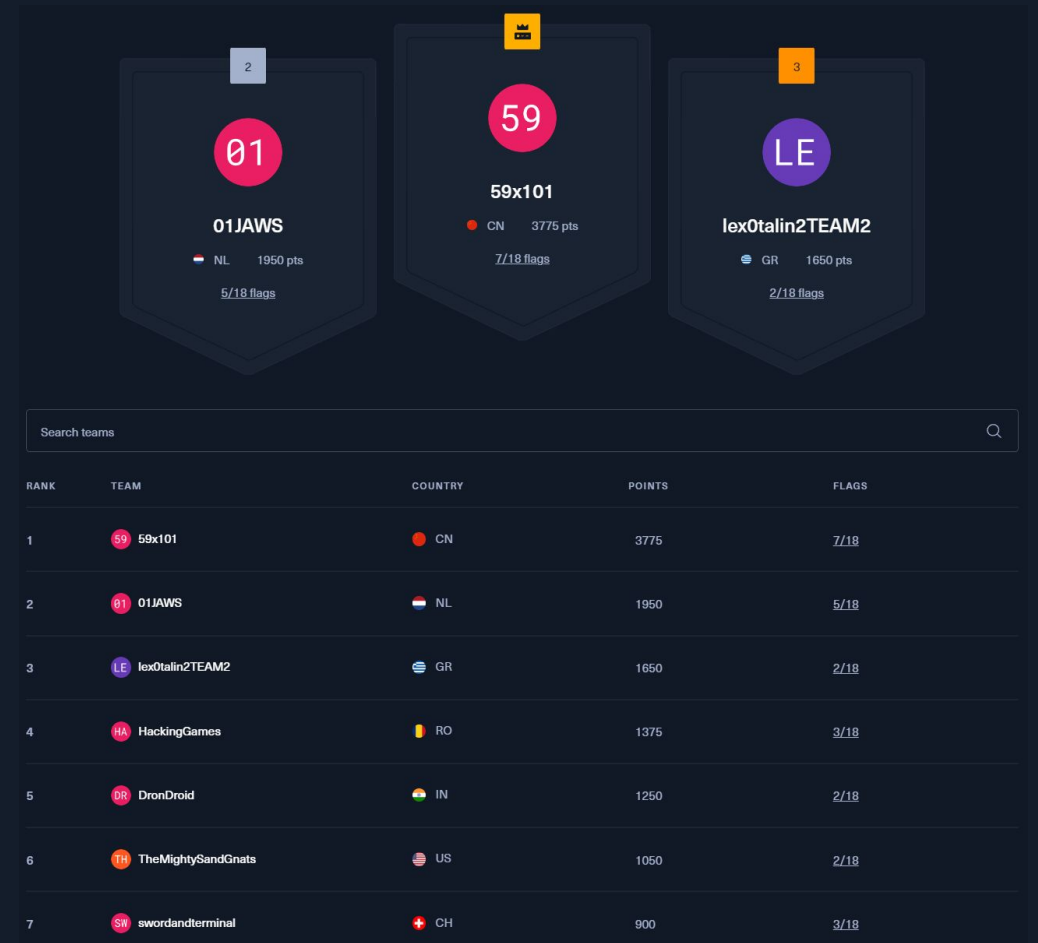

How to see your progress

Lead the scoreboard 🕶️

By clicking the scoreboard button you can see your progress during and after the event.

Always remember that it's not about being the best it's about being better than yesterday.

Rules

Rules

All rules you must follow for the CTF

1. It is strictly forbidden to perform any kind of Denial of Service or any other unwanted actions against the servers or associated infrastructure.
2. Do not try to brute force the flag submission system.
3. Do not perform any unwanted actions against other teams/members.
4. Do not try to exchange or publish flags/write-ups/hints of the challenges during and after the competition with other teams participating or to other external entities.
5. Do not distribute the content of the CTF (the challenges) to third party entities.
6. All teams must be consisted with maximum 1 member.
7. Please familiarise yourself with the ToS in place regarding our content and intellectual property.
8. Any violation of these terms will automatically disqualify the player from the competition.
9. Let the scoreboard go on 🔥 Good Luck!

Enjoy and Capture The Flag 🚩
